Ms. Susan Roth  
6236 27<sup>th</sup> Avenue NE  
Seattle, WA 98115-7114

Dear Ms. Roth:

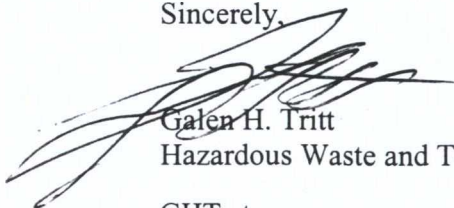

RE: Approval of the Groundwater Sampling and Analysis Plan: Terminal 91 Tank Farm  
Site Agreed Order No. DE 98HW-N108

The "Draft Groundwater Sampling and Analysis Plan" (GWSAP), prepared for the Terminal 91 Site PLP Group (PLP Group) by Philip Services Corporation (PSC), was received by the Department of Ecology (Ecology) on February 3, 2003. On April 24, 2003 the revised "Final Groundwater Sampling and Analysis Plan" was received that addressed comments by Ecology. On June 27, 2003 the "Transmittal of Revised Pages" to the GWSAP was received that included corrections and responses to comments made by Ecology. The GWSAP addresses the portion of the Port of Seattle (POS) Terminal-91 facility where RCRA corrective action is being performed pursuant to the Model Toxics Control Act (MTCA) Agreed Order No. DE 98HW-N108.

Ecology is approving as **final**, the April 2003 Final Groundwater Sampling and Analysis Plan, as revised by the June 2003 correspondence. One last request related to the GWSAP; please submit a copy of North Creek Analytical, Inc. current laboratory control limits. This will be inserted into our copy of the GWSAP, Appendix E along with the North Creek Analytical, Inc. Quality Assurance Manual.

Thank you for your submittals. If you have any questions or comments, please contact me at the Department of Ecology Northwest Regional Office by phone at (425) 649-7280 or by email at [gttri461@ecy.wa.gov](mailto:gttri461@ecy.wa.gov).

Sincerely,

  
Galen H. Tritt
